Through its partnerships with top professional soccer teams and national federations, generation adidas international offers a unique exposure to international coaching ideas and philosophies, styles of play, and tactical systems. This fully inclusive program is available to youth clubs and university teams and coaches, and offers valuable insight into the youth development approach of JUVENTUS FC, one of Italy’s preeminent clubs.

Young students from the city of Turin founded JUVENTUS FC in 1897. It is considered to be Italy’s first professional football club and perhaps that is the reason behind the team’s success. JUVENTUS FC has 31 league titles, 2 UEFA Champions League titles, and 3 UEFA Europa League titles. The titles are just one of the reasons why the team is considered to be the most successful Italian soccer team in history. The team is widely popular not only in Italy, but also internationally.

The club is hosted at the JUVENTUS stadium, completed in 2011, which has a capacity of 41,500. It's technically refined stadium where careful thought has been given to being environmentally friendly.

JUVENTUS FC’s training facilities, “Juventus Center”, is located in Vinovo, just outside Turin. It was completed in 2006 and is one of the most modern training facilities in the world. One can find a total of 11 fields at the 140,000 square meter facility.
